**Attachments:** Copy of Los Alamos Co. Finalized JD's 2013-2017.xlsx

Hi Marcy:

These are the ones we know of up in the Los Alamos area (attached). Issue is that Los Alamos County commented on the Designation Petition basically asking if the waters they discharge to are waters of the US.

Sincerely,

Brent E. Larsen  
Chief, Permitting Section (6WQ-PP)

Hi Sarah. Yes, a FOIA request should be submitted to Angela Mobly at [angela.r.mobly@usace.army.mil](mailto:angela.r.mobly@usace.army.mil).

Please keep in mind that approved jurisdictional determinations (AJDs) are only good for 5 years. Also, preliminary JDs (PJDs) only indicate that there may be waters of the United States on a parcel. PJDs are used when an applicant wants to move ahead expeditiously to obtain a permit. There will be little evaluation of aquatic resources in situations where a PJD is used.

If you send me the project numbers I can start to look at the type of JD, whether they are still valid, and what documentation we have.

Thanks. Marcy

Subject: [Non-DoD Source] Jurisdictional Determinations

Hi Marcy,

I hope this finds you well!

Brent and I recently met with Los Alamos County regarding a petition that has been made by a third party to designate Los Alamos as a MS4. During that meeting, Brent presented a map that had a number of JDs on it, and the LA County attorney requested the documentation for those JDs. What would be the easiest way for him to obtain copies of that information? Would he need to FOIA the Corps?

Thank you so much for your help.
